

With one click, control your parking space, or share it with others

Tired of pulling up to find a vehicle parked in your reserved, leased or VIP parking space?

RISETEK's Smart Parking Barrier by Parklio™ is an easy way to monetize preferred individual spaces. For example, spaces closest to the door or amenities are valued by some parkers willing to pay extra to lease those preferred spaces.

RISETEK's Smart Parking Barrier is an easy economical device to prevent unauthorized use of parking spaces.

USE CASES:

- ✓ VIP Parking
- ✓ EV Charging Stations
- ✓ Airbnb, VRBO
- ✓ Reserved Spaces
- ✓ Valet Spaces
- ✓ Emergency/Hospital Parking

RISETEK delivers proven results with our innovative, intelligent, state-of-the-art proven technology solutions while optimizing our valued clients business performance and empowering them to achieve next-level success.
